Turnips						
54-56 ft						

Make 3 copies: Hoophouse, greenhouse, field manual. Original to Garden Notebook

Notes: 1. Edge beds too cold for tender crops such as beans. Therefore added beets in G (we are short of beets). Scratched beans, even though we have bought seed. 2. Only put 1 bed edamame, because we don't need much seed. So added more cowpeas, as we can sell those.
